SCHEDULE OF MEDICAL BENEFITS			
	In-Network Provider	Out-of- Network Provider	Limitations and Explanations
Individual Deductible	\$200		You must pay all costs up to the deductible amount each benefit year before this Plan starts to pay for covered services you use. If any family member reaches their individual deductible amount, then the deductible is satisfied for that one family member. When any combination of family members reach the family deductible, then the deductible is satisfied for the entire family. However, no one family member can contribute more than their individual deductible toward the family deductible amount.
Family Deductible	\$500		
Coinsurance	20%	50%	Coinsurance is your share of the costs of a covered service, calculated as a percent of the allowed amount for the service.
Individual Out-Of-Pocket Limit	\$500	\$1,000	Includes deductible, coinsurance amounts and medical co-pays. The out-of-pocket limit is the most you could pay during a benefit year for your share of the cost of covered expenses. Out-of-pocket limit is combined for in- and out-of-network services. When an individual or family reaches the annual limit, the Plan pays 100% of additional covered expenses for the rest of the benefit year. Prescription drug co-pays, balance-billed charges and penalties do not apply to the out-of-pocket amount.
Family Out-Of-Pocket Limit	\$1,500	\$3,000	
Annual Plan Maximum	None		

Co-pays are fixed dollar amounts you pay for covered health care, usually when you receive the service. Services that use a co-pay are payable at 100% after the applicable co-pay, unless noted otherwise in the Schedule of Medical Benefits.

INTRODUCTION

Hanford Joint Union High School District has prepared this document to help you understand your benefits. **PLEASE READ IT CAREFULLY AS YOUR BENEFITS ARE AFFECTED BY CERTAIN LIMITATIONS AND CONDITIONS.** Also, benefits are not provided for certain kinds of treatments or services, even if your *health care provider* recommends them.

This document is written in simple, easy-to-understand language. Technical terms are printed in *italics* and defined in the Definitions section. The headings in the Plan are inserted for convenience of reference only and are not to be construed or used to interpret any of the provisions of the Plan.

As used in this document, the word *year* refers to the *benefit year* which is the 12-month period beginning January 1 and ending December 31. All annual benefit maximums and deductibles accumulate during the *benefit year*. The word *lifetime* as used in this document refers to the period of time a covered person is a participant in this Plan sponsored by Hanford Joint Union High School District.

The Plan may be amended from time to time to comply with the requirements of applicable law or to reflect changes in your *employer's* benefits program. If the Plan is amended, you will be advised of any important changes.

ARTICLE I -- ELIGIBILITY AND PARTICIPATION

A. Who Is Eligible

You are eligible to participate in this Plan if you are in active employment for the employer, performing all customary duties of your occupation at your usual place of employment (or at a location to which the business of the employer requires you to travel) and regularly scheduled to work a minimum of twenty (20) hours per week.

An employee will be deemed in "active employment" on each day he/she is actually performing services for the employer and on each day of a regular paid vacation or on a regular non-working day, provided he/she was actively at work on the last preceding regular working day. An employee will also be deemed in "active employment" on any day on which he/she is absent from work during an approved FMLA leave or solely due to his/her own health status. An exception applies only to an employee's first scheduled day of work. If an employee does not report for employment on their first scheduled workday, they will not be considered as having commenced active employment.

You may also be eligible to participate in this Plan if you are a retiree who retires after the attainment of age 65. Coverage under this Plan may continue on a self-pay basis. In order to have extended coverage, however, you must be enrolled in Medicare Parts A & B. Your eligible dependents may also have extended coverage hereunder.

If you retire prior to age 65, coverage is governed by the Plan Sponsor's current union contracts. You should refer to the Plan Sponsor's current HSEA or CSEA contracts or contact Human Resources for more information.

Your eligible dependents may also participate. Eligible dependents include:

1. A legally married spouse of the opposite sex, unless legally separated from you. "Married" means a legal union as determined in accordance with the federal Defense of Marriage Act (DOMA) between one man and one woman as husband and wife and will not include a common law spouse.
2. A registered domestic partner, when the partner and employee have registered their domestic partnership with the Secretary of State of the State of California. The State of California permits state registration of: (1) same-sex domestic partnerships, and (2) opposite-sex partnerships after one partner attains age 62. A domestic partnership registration from outside of California will be recognized on the same basis as a California state-registered domestic partnership only if the out-of-California partnership is a legal union of two persons, other than a marriage, and is substantially equivalent to a registered California domestic partnership. This applies regardless of whether it bears the name "domestic partnership". Domestic partners who register only with their cities, counties or employers are not eligible.

3. A child from birth to age twenty-six (26).

The term child includes:

- a. your natural child or a natural child of your covered domestic partner;
- b. a step-child by legal marriage;
- c. a child who is adopted or has been placed with you for adoption by a court of competent jurisdiction;
- d. a child for whom legal guardianship has been awarded;
- e. a child who is the subject of a *Qualified Medical Child Support Order* (QMCSO) dated on or after August 10, 1993. To be “qualified,” a state court medical child support order must specify: the name and last known mailing address of the plan participant and each *alternate recipient* covered by the order, a reasonable description of the type of coverage or benefit to be provided to the *alternate recipient*, the period to which the medical child support order applies, and each plan to which the order applies; and
- f. An unmarried child who is incapable of self-sustaining employment by reason of mental or physical disability and is primarily dependent on you for maintenance and support may continue to be covered under this Plan regardless of age, so long as the disability persists, and the disability began before the child reached age twenty-six (26).

In order to continue coverage, you must furnish written proof of the disability within thirty-one (31) days of the child’s twenty-sixth (26th) birthday. The *plan administrator* may require you to furnish periodic proof of the child’s continued disability but not more often than annually. If such proof is not satisfactory to the *plan administrator*, coverage for the child will end immediately.

Eligibility for Medicaid or the receipt of Medicaid benefits will not be taken into account in determining eligibility.

You may participate in this Plan as both an employee and as a dependent.

No one who is on active duty with the armed forces will be eligible for coverage under this Plan.

B. Who Pays for Your Benefits

Hanford Joint Union High School District shares the cost of providing benefits for you and your dependents.

C. Enrollment Requirements

If you desire Plan benefits, you must enroll in the Plan by properly completing and returning an enrollment form to Hanford Joint Union High School District within thirty-one (31) days of your eligibility date. If you also desire dependent coverage, you must enroll your eligible dependents by this deadline.

If you do not have any eligible dependents at the time of initial enrollment but acquire eligible dependents at a later date, you must enroll dependents, including newborns, by properly completing and returning an enrollment form to Hanford Joint Union High School District within thirty-one (31) days of the date they become your dependent(s). Your newborn dependent will be eligible immediately after birth for the first thirty-one (31) days. The newborn infant(s) of your dependent child are not eligible under the Plan, nor will have coverage for the first thirty-one (31) days following birth.

Failure to enroll by the deadline noted above will subject you and your dependents to the Late Enrollment, or Special Enrollment Period provisions below.

D. Late Enrollment

If an eligible employee or dependent declined coverage at the time initially eligible, coverage cannot become effective until the next annual *open enrollment period* unless application for coverage was due to a Special Enrollment as defined under the Special Enrollment Period provision below. The employee or dependent must request enrollment in this Plan within the *open enrollment period*. This provision does not apply to a dependent who becomes eligible for coverage as the result of a *Qualified Medical Child Support Order*, or who is adopted or is placed with you for adoption by a court of competent jurisdiction, as long as he is enrolled within thirty-one (31) days of his eligibility date.

The effective date for enrollment changes made during the open enrollment period is October 1.

E. Special Enrollment Periods

This Plan allows Special Enrollment Periods for eligible employees and dependents who experience certain life events. Special Enrollment Periods apply to the following:

1. Individuals losing other coverage. An employee or dependent that is eligible, but not enrolled in this Plan, may enroll if each of the following conditions is met:
 - a. The employee or dependent was covered under a group health plan, Medicaid including coverage under state funded Children's Health Insurance Plan (CHIP) or had health insurance coverage at the time coverage under this Plan was previously offered to the individual.
 - b. If required by the *plan administrator*, the employee stated in writing at the time that coverage was offered that the other health coverage was the reason for declining enrollment.
 - c. The coverage of the employee or dependent who has lost the coverage was under *COBRA* and the *COBRA* coverage was exhausted, or was not under *COBRA* and either the coverage was terminated as a result of loss of eligibility for the coverage (including as a result of legal separation, divorce, death, termination of employment, or reduction in the number of hours of employment) or *employer* contributions toward the coverage were terminated.
 - d. The employee requests enrollment in this Plan not later than:
 - i. thirty (30) days following the termination of coverage or *employer* contributions, as described above;
 - ii. thirty (30) days following the date *COBRA* coverage was exhausted;
 - iii. sixty (60) days following the termination of Medicaid or CHIP.

Coverage begins on the day following the loss of coverage.

If the employee or dependent lost the other coverage as a result of the individual's failure to pay premiums or for cause (such as making a fraudulent claim), that individual does not have a special enrollment right.

2. Dependent beneficiaries. If:

- a. The employee is a participant under this Plan (or has met the *waiting period* applicable to becoming a participant under this Plan and is eligible to be enrolled under this Plan but for a failure to enroll during a previous enrollment period), and

- b. A person becomes a dependent of the employee through marriage, birth, adoption or placement for adoption then the dependent (and if not otherwise enrolled, the employee) may be enrolled under this Plan as a covered dependent of the employee. In the case of the birth or adoption of a child, the spouse of the employee may be enrolled as a dependent of the employee if the spouse is otherwise eligible for coverage.

The special enrollment period is a period of thirty (30) days that begins on the date of the marriage, birth, adoption, placement for adoption.

When the special event is marriage or a domestic partnership, the spouse's or partner's coverage (and the coverage of any newly eligible children) will be effective on the first day of the month following the date of the event.

When the special event is the acquisition of a child, the child's coverage will be effective on the date of the event (i.e. concurrent with the child's date of birth, date of placement or date of adoption). The coverage effective date for a newborn adoptive child is the child's date of birth if the child is placed with the employee within thirty-one (31) days of birth.

F. When Coverage Begins

When the enrollment requirements are met, your coverage begins on the first day of the month immediately following your date of hire.

Coverage for your eligible dependents begins the later of when your coverage begins or the first day a dependent becomes your dependent.

However, should coverage commence under the Late Enrollment or Special Enrollment Period sections, the provision under these sections will apply.

G. Acquired Companies

Eligible employees of an acquired company who are actively at work and were covered under the prior plan of the acquired company will be eligible for the benefits under this Plan on the date of acquisition. Any *waiting period* previously satisfied under the prior health plan will be applied toward satisfaction of the *waiting period* of this Plan. In the event that an acquired company did not have a health plan, all eligible employees will be eligible on the date of the acquisition.

H. Genetic Information Nondiscrimination Act (GINA)

The Genetic Information Nondiscrimination Act, or *GINA*, prohibits group health plans, issuers of individual health care policies, and employers from discriminating on the basis of *genetic information*.

Genetic information is a form of protected health information as defined by the Health Insurance Portability and Accountability Act of 1996 (*HIPAA*), and is subject to applicable privacy and security standards.

GINA does not prohibit a *health care provider* who is treating an individual from requesting that the patient undergo genetic testing. The rules permit the Plan to obtain genetic test results and use them to make claims payment determinations when necessary to determine whether the treatment provided was medically advisable and/or necessary.

The Plan may request, but not require, genetic testing in certain very limited circumstances involving research, so long as the results are not used for underwriting purposes. Such requests will be made with written notice to the individual that participation is voluntary and will not affect eligibility for benefits, premiums, or contributions. In addition, the Plan will notify the Health and Human Services secretary of its activities falling within this exception.

I. When Coverage Ends

Your coverage ends the earliest of at midnight on the last day of the month following your last day of full-time regular employment; at midnight on the last day of the month following the date you are no longer eligible to participate in the Plan; the date you begin active duty in the Armed Services of any country, except for reserve duty of less than thirty (30) days; the date you fail to make the required contributions; the date of your death; or the date the Plan ends.

Unused vacation days or severance pay following cessation of active work will not count as extending the period of time coverage will remain in effect.

Coverage for your dependents ends the earliest of the date your coverage ends; at midnight on the date a dependent exceeds the age requirements to be covered under the Plan; at midnight on the date a dependent no longer meets any other eligibility requirements; at midnight on the date you fail to make the required contributions; the date of a dependent's death; or the date the Plan ends.

J. Family and Medical Leave Act of 1993 (FMLA)

If you qualify for an approved family or medical leave of absence (as defined in the Family and Medical Leave Act of 1993 (*FMLA*)), eligibility may continue for the duration of the leave. Failure to make payment within thirty (30) days of the due date established by your *employer* will result in the termination of coverage. If you fail to return to work after the leave of absence, your *employer* has the right to recover from you any contributions that were made on your behalf toward the cost of coverage during the leave.

For more information regarding *FMLA* leave, please refer to your Employee Handbook.

K. Employer Continuation Coverage

If you cease to be eligible for coverage due to a temporary layoff, an approved leave of absence, a *total disability* or a labor dispute, you and your eligible dependents may continue to be covered under the Plan. If you do not return to work at the end of an approved leave of absence, your employment will be deemed to have terminated for purposes of continuation of coverage under *COBRA*.

1. Temporary Layoff

If you are temporarily laid off, eligibility may continue following the date that the layoff began provided you make the required contribution to the Plan. Your employment will be considered terminated for benefit purposes on the day as specified in the employer's written personnel policies and employee communications.

2. Leave of Absence

If you are on an approved leave of absence that does not qualify as *FMLA* or is in excess of the time period permitted by *FMLA*, eligibility may continue following the date that the leave of absence began provided you make the required contribution to the Plan. Your employment will be considered terminated for benefit purposes on the day as specified in the employer's written personnel policies and employee communications.

Continuation under this section of the Plan is in addition to any period of time determined to be allowable under the Family and Medical Leave Act of 1993.

3. Total Disability

If you are covered under the Plan and your active service terminates due to *total disability*, you may continue to be covered under the Plan. Your employment will be considered terminated for benefit purposes on the day as specified in the employer's written personnel policies and employee communications.

Continuation under this section of the Plan is in addition to that period of time determined to be allowable under the Family and Medical Leave Act of 1993.

You may not be engaged in any other occupation for compensation, profit or gain while *totally disabled*. In addition, if you fail to make the required contribution, when due, coverage will terminate at the end of the period for which you made the last required contribution.

4. Labor Dispute

If you fail to continue in active employment due to a labor dispute, you can arrange to continue coverage for up to six (6) months. This extension will cease, however, on the earlier of the following: at the beginning of the period for which you fail to make the required payment toward the cost of coverage to your collective bargaining unit representative; at the beginning of the period for which the representative fails to make the required cost of coverage payments to the Plan Sponsor or plan administrator; on the date you commence active employment with another employer; on any contribution due date when less than 75% of the affected employees have elected to continue coverage under the terms of this provision; at the end of six (6) months following the cessation of active employment.

L. Reinstatement of Coverage

If you return to active employment and eligible status following an approved leave of absence in accordance with the employer's guidelines and the Family and Medical Leave Act (FMLA), and during the leave you discontinued paying your share of the cost of coverage, you may have coverage reinstated as if there had been no lapse (for yourself and any dependents who were covered at the point contributions ceased). To avoid interruption of coverage during the leave, the employer will have the right to keep coverage in force at its own expense and can require that unpaid coverage contribution costs be repaid by you at the end of the FMLA leave.

Except in the above instance, any terminated employee who is rehired will be treated as a new hire and will be required to satisfy all eligibility and enrollment requirements.

Benefits for any covered employee and dependent(s), whose employment or coverage is terminated, and who is subsequently rehired or reinstated at any time, shall be limited to the maximum benefits that would have been payable had there been no interruption of employment or coverage.

M. Transfer of Coverage

If a husband and wife are both employees and are covered as employees under this Plan and one of them terminates, the terminating spouse and any of their eligible and enrolled dependents will be permitted to immediately enroll under the remaining employee's coverage. Such transferred coverage will be deemed a continuation of prior coverage and will not operate to reduce or increase any coverage to which the person was entitled while enrolled as the employee or the dependent of the terminated employee.

If a covered person changes status from employee to dependent or vice versa, and the person remains eligible and covered without interruption, the Plan benefits will not be affected by the person's change in status.

N. The Uniformed Services Employment and Re-employment Rights Act (USERRA)

This Plan will comply with the requirement of all the terms of The Uniformed Services Employment And Re-employment Rights Act of 1994 (*USERRA*). This is a federal law which gives members and former members of the U.S. armed forces (active and reserves) the right to return to their civilian job they held before military service.

ARTICLE II -- BENEFITS MANAGEMENT PROGRAM

A. Benefits Management Program

The Benefits Management Program has been established to assist participants and their providers in identifying the most appropriate and cost-effective course of treatment for which certain benefits will be provided under this health plan and for determining whether the services are *medically necessary*. However, participants and their providers make the final decision concerning treatment. The Benefits Management Program includes: prior authorization review for certain services; *emergency* admission notification; *hospital inpatient* review, discharge planning, and case management if determined to be applicable and appropriate.

Failure to contact the Plan for authorization of services listed in the sections below or failure to follow the Plan's recommendations may result in non-payment if the Benefits Management Program Administrator determines the service was not a covered service. Please read the following sections thoroughly so you understand your responsibilities in reference to the Benefits Management Program. All provisions of the Benefits Management Program apply to all participants.

Prior authorization is required for selected *inpatient* and *outpatient* services, supplies and *durable medical equipment*; admission into an approved hospice program; and certain radiology procedures. Preadmission review is required for all *inpatient hospital* and *skilled nursing facility* services (except for *emergency* services*).

*See subsection **D. Emergency Admission Notification** for notification requirements.

By obtaining prior authorization for certain services prior to receiving services, participants and their providers can verify: (1) if the Benefits Management Program Administrator considers the proposed treatment *medically necessary*, (2) if plan benefits will be provided for the proposed treatment, and (3) if the proposed setting is the most appropriate as determined by the Benefits Management Program Administrator. Participants and their providers may be informed about services that could be performed on an *outpatient* basis in a *hospital* or *outpatient* facility.

B. Prior Authorization

For services and supplies listed in the section below, participants and their providers can determine before the service is provided whether a procedure or treatment program is a covered service and may also receive a recommendation for an alternative service.

For services other than those listed in the sections below, participants or their providers should consult the Medical Benefits article of this booklet to determine whether a service is covered.

Participants or their providers must call the Customer Service telephone number indicated on the back of the participant's identification card for prior authorization for the services listed in this section.

Participants or their providers must call the Customer Service telephone number indicated on the back of the participant's identification card for prior authorization of *outpatient* partial hospitalization, intensive *outpatient* care and *outpatient* electroconvulsive therapy (ECT) services for the treatment of mental health conditions.

Prior authorization is required for the following services:

1. Admission into an approved hospice program.

A list of services and procedures requiring prior authorization can be obtained by your provider by going to <http://www.blueshieldca.com> or by calling the Customer Service telephone number indicated on the back of the participant's identification card.

C. Hospital and Skilled Nursing Facility Admissions

Prior authorization must be obtained for all *hospital* and *skilled nursing facility* admissions (except for admissions required for *emergency* services). Included are hospitalizations for continuing *inpatient* rehabilitation and skilled nursing care, transplants, bariatric *surgery*, and *inpatient* mental health services if this health plan provides these benefits.

Prior Authorization for Other than Mental Health Admissions

Whenever a *hospital* or *skilled nursing facility* admission is recommended by your *physician*, participants or their providers must contact the Customer Service telephone number indicated on the back of the participant's identification card at least 5 business days

prior to the admission. However, in case of an admission for *emergency* services, the Benefits Management Program Administrator should receive *emergency* admission notification within 24 hours or by the end of the first business day following the admission, or as soon as it is reasonably possible to do so. The Benefits Management Program Administrator will discuss the benefits available, review the medical information provided and may recommend that to obtain the full benefits of this health plan that the services be performed on an *outpatient* basis.

Examples of procedures that may be recommended to be performed on an *outpatient* basis if medical conditions do not indicate *inpatient* care include:

Prior Authorization for Inpatient Mental Health Services, Outpatient Partial Hospitalization, Intensive Outpatient Care and Outpatient ECT Services

All *inpatient* mental health services, *outpatient* partial hospitalization, intensive *outpatient* care and *outpatient* ECT services, except for *emergency* services, must be prior authorized by the Benefits Management Program. Inpatient mental health services must be prior authorized by Halcyon Behavioral Health.

For an admission for *emergency* mental health services, the Benefits Management Program (Halcyon Behavioral Health) should receive *emergency* admission notification within 24 hours or by the end of the first business day following the admission, or as soon as it is reasonably possible to do so, or the participant may be responsible for the additional payment as described below.

For prior authorization of *inpatient* mental health services, intensive *outpatient* care, *outpatient* partial hospitalization and *outpatient* ECT services, call the Customer Service telephone number indicated on the back of the participant's identification card for Halcyon Behavioral Health.

Failure to contact the Benefits Management Program as described above or failure to follow the recommendations of the Benefits Management Program Administrator may result in non-payment by the Benefits Management Program Administrator if it is determined that the admission is not a covered service.

Note: The Benefits Management Program Administrator will render a decision on all requests for prior authorization within 5 business days from receipt of the request. The treating provider will be notified of the decision within 24 hours followed by written notice to the provider and participant within 2 business days of the decision. For urgent services in situations in which the routine decision making process might seriously jeopardize the life or health of a participant or when the participant is experiencing severe pain, the Benefits Management Program Administrator will respond as soon as possible to accommodate the participant's condition not to exceed 72 hours from receipt of the request.

D. Emergency Admission Notification

If you are admitted for *emergency* services, the Benefits Management Program Administrator should receive *emergency* admission notification within 24 hours or by the end of the first business day following the admission, or as soon as it is reasonably possible to do so.

E. Hospital Inpatient Review

The Benefits Management Program Administrator monitors *inpatient* stays. The stay may be extended or reduced as warranted by your condition, except in situations of maternity admissions for which the length of stay is 48 hours or less for a normal, vaginal delivery or 96 hours or less for a Cesarean section unless the attending *physician*, in consultation with the mother, determines a shorter *hospital* length of stay is adequate. Also, for mastectomies or mastectomies with lymph node dissections, the length of *hospital* stays will be determined solely by your *physician* in consultation with you. When a determination is made that the participant no longer requires the level of care available only in an acute care *hospital*, written notification is given to you and your Doctor of Medicine. You will be responsible for any *hospital* charges incurred beyond 24 hours of receipt of notification.

F. Discharge Planning

If further care at home or in another facility is appropriate following discharge from the *hospital*, the Benefits Management Program Administrator may work with you, your *physician* and the *hospital* discharge planners to determine whether benefits are available under this Plan to cover such care.

G. Case Management

The Benefits Management Program may also include case management, which provides assistance in making the most efficient use of plan benefits. Individual case management may also arrange for alternative care benefits in place of prolonged or repeated hospitalizations, when it is determined to be appropriate. Such alternative care benefits will be available only by mutual consent of all parties and, if approved, will not exceed the benefit to which you would otherwise have been entitled under this Plan. The Benefits Management Program Administrator is not obligated to provide the same or similar alternative care benefits to any other person in any other instance. The approval of alternative benefits will be for a specific period of time and will not be construed as a waiver of the Benefits Management Program Administrator's right to thereafter administer this health plan in strict accordance with its express terms.

ARTICLE III -- NETWORK PROVISIONS

Certain *hospitals* and *physicians* have agreements pertaining to payment of covered medical charges. These *hospitals* and *physicians* are called Network Providers. If you have any questions regarding *hospitals* and *physicians* who participate in the network, call the phone number indicated on your identification card.

This Plan pays for covered medical charges, made by both in-network and out-of-network providers. Network Providers may not bill for amounts considered to be over the *allowed amount*. Network Providers may bill for deductible and coinsurance amounts referred to in this Plan, if any. When you receive health care through a Network Provider, you incur lower out-of-pocket expenses, and there are no claim forms to fill out.

Benefits are also provided if you choose to receive health care through a Provider that is not a Network Provider. However, the level of benefits will be reduced, and you will be responsible for a greater share of out-of-pocket expenses, and the amount of your expenses could be substantial. You may have to reach a deductible before receiving benefits, and you may be required to file a claim form.

- Referrals by in-network providers to out-of-network providers will be considered out-of-network services or supplies and will be payable at the out-of-network benefit level. In order to have services and supplies paid at the in-network benefit level, ask your *physician* to refer you to participating providers (e.g. x-ray specialists, etc.).

Exceptions:

Professional Components charges and visits by hospital-based physicians rendered in an in-network facility will be reimbursed at the in-network benefit level, regardless of whether the provider is participating with the network.

If you receive emergency room treatment at a network facility, any services rendered by a *physician* during the emergency room encounter will be reimbursed at the in-network benefit level, regardless of whether the provider is participating with the contracted network.

Services related to medical treatment scheduled prior to October 1, 2017 and rendered by a provider who was a participating network provider under the prior plan will be payable at the in-network benefit until the earlier of the resolution of that medical condition or three (3) months from inception.

Services related to pregnancy that was diagnosed prior to October 1, 2017 by a provider who was a participating network provider under the prior plan will be payable at the in-network benefit until six (6) weeks after the delivery.

ARTICLE IV -- MEDICAL BENEFITS

A. About Your Medical Benefits

All medical benefits provided under this Plan must satisfy some basic conditions. The following conditions which apply to your Plan's benefits are commonly included in medical benefit plans but often overlooked or misunderstood.

1. Medical Necessity

The Plan provides benefits only with respect to covered services and supplies which are *medically necessary* in the specific treatment of a covered *illness* or *injury*, unless specifically mentioned in Covered Medical Expenses. *Medically necessary* means the treatment is generally accepted by medical professionals in the United States as proven, effective and appropriate for the condition based on recognized standards of the health care specialty involved.

"Proven" means the care is not considered *experimental*, meets a particular standard of care accepted by the medical community and is approved by the Food and Drug Administration (FDA), if applicable.

"Effective" means the treatment's beneficial effects can be expected to outweigh any harmful effects. Effective care is treatment proven to have a positive effect on your health, while addressing particular problems caused by disease, *injury*, *illness* or a clinical condition.

"Appropriate" means the treatment's timing and setting are proper and cost effective.

Medical treatments which are not proven, effective and appropriate are not covered by the Plan unless specifically mentioned.

2. Allowed Amount

The *allowed amount* is the maximum amount on which payment is based for covered health care services. The *allowed amount* for participating providers is based on the network negotiated price for health care services. Participating providers can only bill you for the difference between the benefit paid and the *allowed amount* for any service.

The *allowed amount* for non-participating providers is based on a fee schedule chosen by the *plan sponsor* for out-of-network health care services. Fee schedules can include the network negotiated fee schedule or other usual and customary-based fee schedules that value services using the charge most frequently made to the majority of patients for

the same service or procedure in the geographic area where the services or supplies are provided. Non-participating providers may bill you for the difference between the benefit paid and the actual amount billed for any service.

3. Health Care Providers

The Plan provides benefits only for covered services and supplies rendered by a *physician, practitioner, nurse, hospital, or specialized treatment facility* as those terms are specifically defined in the Definitions section.

4. Custodial Care

The Plan does not provide benefits for services and supplies furnished primarily to assist an individual in the activities of daily living. Activities of daily living include such things as bathing, feeding, administration of oral medicines, or other services that can be provided by persons without the training of a *health care provider*.

5. Benefit Year

The word *year*, as used in this document, refers to the *benefit year* which is the 12-month period beginning January 1 and ending December 31. All annual benefit maximums and deductibles accumulate during the *benefit year*.

6. Alternate Benefit Provision

The *plan administrator*, with prior approval from the excess loss carrier, may elect to provide alternative benefits which are not listed as covered services in this contract. The alternative covered benefits should be determined on a case by case basis by the *plan administrator* for services which the *plan administrator* deems are *medically necessary*, cost effective and agreeable to the covered person and participating provider. The *plan administrator* shall not be committed to provide these same, or similar alternative benefits for another covered person nor shall the *plan administrator* lose the right to strictly apply the express provisions of this contract in the future.

B. Deductibles

A deductible is the amount of covered expenses you must pay during each *benefit year* before the Plan will consider expenses for reimbursement. The deductible can be satisfied if you and your dependents pay for covered expenses which are incurred for in-network and/or out-of-network services and supplies.

If two (2) or more covered members of your family are injured in a common accident, the deductible will be applied only once to all involved persons for those injuries.

The annual individual and family deductible amounts are shown on the Schedule of Medical Benefits.

C. Coinsurance

Coinsurance percentages represent the portion of covered expenses paid by the Plan after satisfaction of any applicable deductible. These percentages apply only to covered expenses which do not exceed the *allowable amount*.

The coinsurance percentages are shown on the Schedule of Medical Benefits.

D. Out-of-Pocket Limit

An out-of-pocket limit is the maximum amount of covered expenses you must pay during a *benefit year*. When you reach the annual out-of-pocket limit applicable to you, the Plan will pay one hundred percent (100%) of additional covered expenses during the remainder of that *benefit year*.

The out-of-pocket limit excludes charges in excess of the *allowable amount* and any penalties for failure to comply with the requirements of the Health Care Management Program.

The annual individual and family out-of-pocket limits are shown on the Schedule of Medical Benefits.

E. Benefit Maximums

Total plan payments for each covered person are limited to certain maximum benefit amounts. A benefit maximum can apply to specific benefit categories or to all benefits. A benefit maximum amount also applies to a specific time period, such as annual or *lifetime*. Whenever the word *lifetime* appears in this Plan in reference to benefit maximums, it refers to the time you or your dependents are covered by this Plan.

The benefit maximums applicable to this Plan are shown in the Schedule of Medical Benefits.

F. Covered Medical Expenses

When all of the requirements of this Plan are satisfied, the Plan will provide benefits as outlined on the Schedule of Medical Benefits but only for the services and supplies listed in this section.

If a private room is the only accommodation available, the Plan will cover an amount equal to the prevailing semiprivate room rate in the geographic area.

The Plan may not restrict benefits for any *hospital* length of stay in connection with childbirth for the mother or newborn child to less than forty-eight (48) hours following a normal vaginal delivery, or less than ninety-six (96) hours following a cesarean section, or require that a provider obtain authorization from the Plan for prescribing a length of stay not in excess of the above periods.

ARTICLE V -- PRESCRIPTION DRUG PLAN

A. About Your Prescription Drug Benefits

The prescription drug program is an independent program, separate from the medical plan, and administered by Envolve Pharmacy Solutions.

The prescription drug program covers prescription drug costs incurred by you and your covered dependents. You will receive an identification card when you become covered under the Plan. In order to access your benefits, simply present your identification card at any participating pharmacy.

If you choose to use a non-participating pharmacy, you must pay the pharmacy the full amount for the prescription. The pharmacy should complete the section of the direct reimbursement form which may be obtained from your *employer*. You complete your section of the form and send the completed form to Envolve Pharmacy Solutions with your receipt. You will be reimbursed the amount that would have been paid to the participating pharmacy, less the applicable co-pay.

B. Mail Service Prescription Drug Program

The mail service prescription drug program is offered when there is an ongoing need for medication. By using this service, you can obtain prescribed medication required on a non-emergency, extended-use basis.

Most prescription medications are available through the mail service prescription drug program if they are normally available at your local pharmacy. However, certain medications cannot be supplied by mail easily (for example, drugs requiring constant refrigeration or controlled medications) and may not be available through this program.

If you need medication immediately, but will be taking it on an ongoing basis, ask your *physician* for two (2) prescriptions. The first should be for up to a thirty (30) day supply that you can have filled at a local pharmacy. The second prescription should be for the balance, up to a ninety (90) day supply. Send the larger prescription through the mail service prescription drug program.

Note: You can obtain a 90-day supply at a Costco Pharmacy (no membership required). The benefit will be the same as the mail service prescription drug program for a 90-day supply.

C. Co-pays

The co-pay amounts for generic and brand name prescriptions or refills are shown on the Schedule of Prescription Drug Benefits. The Prescription Drug Plan will pay up to the generic price, less the generic co-pay, whenever a generic drug is dispensed. If a preferred or

non-preferred brand name drug is dispensed, and a generic equivalent is available, the covered person must pay the difference between the cost of the preferred or non-preferred brand name drug and the generic equivalent, plus the generic co-pay unless the *physician* specifies "Dispense as Written".

D. Dispensing Limitations

When purchasing prescription drugs at a retail pharmacy, prescriptions are covered for up to a thirty (30) day supply, or the equivalent for drugs that are supplied in individual, unit packaging such as aerosols and eye drops.

The quantity of a prescribed drug ordered through the mail service program or at Costco Pharmacy can be anything up to a ninety (90) day supply or the equivalent for drugs that are supplied in individual, unit packaging such as aerosols and eye drops.

NOTE: Certain controlled substances and several other prescribed medications may be subject to other dispensing limitations and to the professional judgment of the pharmacist.

E. Covered Prescription Drugs

Prescriptions covered under your Plan include all drugs bearing the legend "Caution: Federal law prohibits dispensing without a prescription" except as identified in Prescription Drugs Not Covered.

The following are specifically covered by this Plan when accompanied by a *physician's* prescription.

1. Contraceptives: oral, extended-cycle oral, emergency, injectable, implantable, transdermal and barrier forms.
2. Impotence medications (with quantity limitations).
3. Diabetic medications, including insulin, anti-hyperglycemic injectables and glucose elevating agents.
4. Diabetic supplies, including disposable needles, syringes, testing agents, test strips, lancets, lancet devices, glucose monitors, alcohol swabs and calibration solution for monitors.
5. Prenatal vitamins.

6. Acne agents and medications. Prior authorization is required for ages 26 and older.

9. Growth hormones.
10. Hypnotics and sedatives.
11. Respiratory therapies.
12. Preventive medications as mandated under the Patient Protection and Affordable Care Act (PPACA).
13. Injectable legend drugs, except those specifically mentioned in Prescription Drugs Not Covered.
14. Compounded medication of which at least one (1) ingredient is a legend drug.
15. Any other drug which under the applicable state law may only be dispensed upon the written prescription of a *physician* or other lawful prescriber.

2. Infertility agents and medications.
3. Nutritional supplements, except as specifically mentioned under Covered Prescription Drugs.

6. Immunization agents.
7. Blood or blood plasma.
8. Non-legend drugs except those specifically mentioned in Covered Prescription Drugs.

9. Therapeutic devices or appliances, including support garments and other non-medicinal substances, regardless of intended use, except those specifically mentioned in Covered Prescription Drugs.
10. Charges for the administration or injection of any drug.
11. Drugs labeled "Caution: Limited by Federal law to investigational use," or *experimental* drugs even though a charge is made to the individual.
12. Medication which is to be taken by or administered to an individual, in whole or in part, while he or she is a patient in a licensed *hospital*, rest home, sanitarium, *skilled nursing facility*, convalescent *hospital*, nursing home or similar institution which operates on its premises or allows to be operated on its premises a facility for dispensing pharmaceuticals.
13. Any prescription refilled in excess of the number specified by the *physician*, or any refill dispensed more than one (1) year from the *physician's* original order.

ARTICLE VI -- COORDINATION OF BENEFITS (COB)

A. General Provisions

When you and/or your dependents are covered under more than one (1) health plan, the combined benefits payable by this Plan and all other plans will not exceed one hundred percent (100%) of the eligible expense incurred by the individual. The plan assuming primary payor status will determine benefits first without regard to benefits provided under any other health plan. Any health plan which does not contain a coordination of benefits provision will be considered primary.

When this Plan is the secondary payor, it will reimburse, subject to all Plan provisions, the balance of remaining expenses, not to exceed normal Plan liability.

B. Excess Insurance

If at the time of *injury*, sickness, disease or disability there is available, or potentially available any coverage (including but not limited to coverage resulting from a judgment at law or settlements), the benefits under this Plan shall apply only as an excess over such other sources of coverage.

The Plan's benefits will be excess to, whenever possible:

1. Any primary payer besides the Plan;
2. Any first party insurance through medical payment coverage, personal injury protection, no-fault coverage, uninsured or underinsured motorist coverage;
3. Any policy of insurance from any insurance company or guarantor of a third party;
4. Workers' compensation or other liability insurance company; or
5. Any other source, including but not limited to crime victim restitution funds, any medical, disability or other benefit payments, and school insurance coverage.

C. Vehicle Limitation

Benefits payable under this Plan will be coordinated with benefits provided or required by any no-fault automobile coverage statute, whether or not a no-fault policy is in effect, and/or any other vehicle insurance coverage. This Plan will be secondary to any state mandated automobile coverage for services and supplies eligible for consideration under this Plan.

Certain states permit vehicle insurance policyholders to choose personal injury protection (PIP) as a secondary coverage. In states where PIP coverage is available, this Plan will always be considered secondary regardless of the policyholder's election under PIP coverage with the vehicle insurance carrier. Insurance coverages under the names PIP, Med-Pay, First Party Medical and No-Fault are all used interchangeably and refer to a type of first party automobile coverage offering assistance with or direct payment of accident related claims.

Uninsured or underinsured motorist coverage, whether under your policy or not, is subject to recovery by the Plan as a third-party recovery.

D. Federal Programs

The term “group health plan” includes the Federal programs *Medicare* and *Medicaid*. The regulations governing these programs take precedence over the order of determination of this Plan. For more information, see the Medicare and Medicaid sections under Other Important Plan Provisions.

E. Application to Benefit Determinations

The plan that pays first according to the rules in the section entitled “Order of Benefit Determination” will pay as if there were no *other plan* involved. The secondary and subsequent plans will pay the balance due up to one hundred percent (100%) of the total Allowable Expenses.

F. Order of Benefit Determination

For the purposes of the section entitled “Application to Benefit Determinations,” the rules establishing the order of benefit determination are:

1. A plan without a coordinating provision will always be the primary plan;
2. The benefits of a plan which covers the person on whose expenses claim is based, other than as a dependent, shall be determined before the benefits of a plan which covers such person as a dependent;
3. If the person for whom claim is made is a dependent child covered under both parents’ plans, the plan covering the parent whose birthday (month and day of birth, not year) falls earlier in the year will be primary, except:
 - a. When the parents are separated or divorced, and the parent with the custody of the child has not remarried, the benefits of a plan which covers the child as a dependent of the parent with custody will be determined before the benefits of a plan which covers the child as a dependent of the parent without custody; or
 - b. When the parents are divorced and the parent with custody of the child has remarried, the benefits of a plan which covers the child as a dependent of the parent with custody shall be determined before the benefits of a plan which covers that child as a dependent of the stepparent, and the benefits of a plan which covers that child as a dependent of the stepparent will be determined before the benefits of a plan which covers that child as a dependent of the parent without custody.

Notwithstanding the above, if there is a court decree which would otherwise establish financial responsibility for the child's health care expenses, the benefits of the plan which covers the child as a dependent of the parent with such financial responsibility shall be determined before the benefits of any *other plan* which covers the child as a dependent child; and

4. When the rules above do not establish an order of benefit determination, the benefits of a plan which has covered the person on whose expenses claim is based for the longer period of time shall be determined before the benefits of a plan which has covered such person the shorter period of time.

G. Right to Make Payments to Other Organizations

Whenever payments which should have been made by this Plan have been made by any *other plan(s)*, this Plan has the right to pay the *other plan(s)* any amount necessary to satisfy the terms of this coordination of benefits provision.

Amounts paid will be considered benefits paid under this Plan and, to the extent of such payments, the Plan will be fully released from any liability regarding the person for whom payment was made.

ARTICLE VII -- SUBROGATION

This Plan will be reimbursed 100% of any amounts paid whenever another party or parties is legally responsible or agrees to pay money due to an *illness* or *injury* suffered by you or your dependent(s).

Any settlement or recovery received shall first be deemed for reimbursement of medical expenses paid by the Plan, without reduction for attorney's fees, costs, comparative negligence, limits of collectability or responsibility, provisions of state law or otherwise.

Acceptance of benefits under this Plan is constructive notice of this provision in its entirety and that you, your covered dependent, your representative, your covered dependent's representative or anyone else who might derive financial gain from a settlement agrees:

1. That you will notify the *plan administrator* of any settlement with any party and notify the *plan administrator* of any lawsuit or claim filed by you or on your behalf, or on behalf of any heirs or otherwise interested parties against any party.
2. To fully cooperate with the terms and conditions of this Plan. If you or your covered dependent, heir or otherwise interested party choose not to act to recover money from any source, the *plan administrator* reserves the right to initiate its own direct action to obtain reimbursement.
3. That the benefits paid or to be paid by this Plan will be secondary, not primary.
4. That reimbursement to this Plan will be 100% of amounts paid without reduction for attorney's fees, costs, comparative negligence, limits of collectability or responsibility, provisions of state law or otherwise.
5. That reimbursement to this Plan will be made immediately upon collection of any sum(s) recovered regardless of its legal, financial or other sufficiency.
6. That you or any attorney that is retained by you will not assert the Common Fund or Made-Whole Doctrine;
7. That any amount recovered by a dependent minor or on behalf of a dependent minor by a trustee, guardian, parent or other representative of the minor shall be reimbursed to the Plan regardless of whether the minor's representative has access or control of any recovery funds.

8. To sign any documents requested by the *plan administrator*, or any representative of the *plan administrator* including but not limited to reimbursement and/or subrogation agreements. In addition, you agree to furnish any other information that might be requested by the *plan administrator* or representative of the *plan administrator*. Failure or refusal to execute such agreements or furnish information does not preclude the *plan administrator* or any representative of the *plan administrator* from exercising its right to subrogation or obtaining full reimbursement.
9. To take no action which will, in any way, prejudice the rights of the Plan. (If it becomes necessary for the *plan administrator* or any representative of the *plan administrator* to enforce this provision by initiating any action against you, your covered dependent, your representative, your covered dependent's representative or anyone else, you will be responsible to pay the fees of the *plan administrator's* attorney and all costs associated with the action regardless of the outcome of the action.)
10. That any portion of the lien not satisfied will be deducted from any covered family member's future claims regardless of whether they are accident related. The plan may withhold future benefits from any family member until the lien is repaid.
11. The term settlement or recovery shall include funds recovered through a wrongful death action regardless of whether state law precludes the inclusion of medical expenses as part of the claim.
12. Any claims related to the accident or *illness* made after satisfaction of this obligation shall be the responsibility of the covered person, not the Plan.

ARTICLE VIII -- OTHER IMPORTANT PLAN PROVISIONS

A. Assignment of Benefits

All benefits payable by the Plan may be assigned to the provider of services or supplies at your option. Payments made in accordance with an assignment are made in good faith and release the Plan's obligation to the extent of the payment.

B. Medicare

Applicable to Active Employees and Their Spouses Ages 65 and Over:

If you remain actively at work after reaching age sixty-five (65), you or your spouse may choose to elect or reject coverage under this Plan. If you or your spouse elects coverage under this Plan, the benefits of this Plan shall be determined before any benefits provided by *Medicare*. If you reject coverage under this Plan, benefits listed herein will not be payable even as secondary coverage to *Medicare*.

Applicable to All Other Participants Eligible for Medicare Benefits:

To the extent required by Federal regulations, this Plan will pay before any *Medicare* benefits. There are some circumstances under which *Medicare* would be required to pay its benefits first. In these cases, benefits under this Plan would be calculated as secondary payor (as described in the Article entitled Coordination of Benefits).

If you are entitled to *Medicare* for any reason but chose not to enroll under *Medicare* Parts A and B when entitled, this Plan will process your claims as though *Medicare* Parts A and B had been elected. If the Plan determines that *Medicare* would have been the primary payor, if enrolled, this plan will calculate the amount that Traditional *Medicare* Parts A and B would have paid and coordinate benefits accordingly.

Example: Medicare would have paid 80% if elected. Your Plan being secondary would have paid 20% if Medicare was elected. Therefore, in this example your health plan would only pay 20% even if you **did not elect Medicare**.

Applicable to Medicare Services Furnished to End Stage Renal Disease (ESRD) Participants Who Are Covered Under This Plan:

If any Plan participant is eligible for *Medicare* benefits because of ESRD, the benefits of this Plan will be determined before *Medicare* benefits for the first eighteen (18) months of *Medicare* entitlement (with respect to charges incurred on or after February 1, 1991 and before August 5, 1997), and for the first thirty (30) months of *Medicare* entitlement (with respect to charges incurred on or after August 5, 1997), unless applicable Federal law provides to the contrary, in which event the benefits of the Plan will be determined in accordance with such law.

Applicable to Participants enrolled in a Medicare Part D Plan:

This Plan will not coordinate benefits for prescription drugs for an individual enrolled in a *Medicare* D plan. If you or your dependent enrolls in a *Medicare* D plan, benefits available under this Prescription Drug Plan will be terminated—such termination may result in termination of all Plan coverage.

C. Medicaid-Eligible Employees and Dependents

If you or your dependents are Medicaid-eligible, you will be entitled to the same coverage under the Plan as all other employees and dependents. The benefits of this Plan will be primary to those payable through Medicaid.

D. Recovery of Excess Payments

Whenever payments have been made in excess of the amount necessary to satisfy the provisions of this Plan, the Plan has the right to recover excess payments from any individual (including yourself), insurance company, or other organization to whom the excess payments were made or to withhold payment on future benefits until the overpayment is recovered.

If excess payments were made for services rendered to your dependent(s), the Plan has the right to withhold payment on your future benefits until the overpayment is recovered.

Further, whenever payments have been made based on fraudulent information provided by you, the Plan will exercise the right to withhold payment on future benefits until the overpayment is recovered.

E. Right to Receive and Release Necessary Information

The *plan administrator* may, without notice to or consent of any person, release to or obtain any information from any insurance company or other organization or person any information regarding coverage, expenses, and benefits which the *plan administrator*, at its sole discretion, considers necessary to determine and apply the provisions and benefits of this Plan. In so acting, the *plan administrator* shall be free from any liability that may arise with regard to such action. Any participant claiming benefits under this Plan shall furnish to the *plan administrator* such information as requested and as may be necessary to implement this provision.

F. Alternate Payee Provision

Under normal conditions, benefits are payable to you and can only be paid directly to another party upon signed authorization from you. If conditions exist under which a valid release or assignment cannot be obtained, the Plan may make payment to any individual or organization that has assumed the care or principal support for you and is equitably entitled to payment.

The Plan may also honor benefit assignments made prior to your death in relation to remaining benefits payable by the Plan.

Any payment made by the Plan in accordance with this provision will fully release the Plan of its liability to you.

G. Severability

The provisions of this Plan will be considered severable; therefore, if a provision is deemed invalid or unenforceable, that decision will not affect the validity and enforceability of the other provisions of the Plan.

H. Fraud

Under this Plan, coverage may be retroactively canceled or terminated (rescinded) if a participant acts fraudulently or intentionally makes material misrepresentations of fact. It is a participant's responsibility to provide accurate information and to make accurate and truthful statements, including information and statements regarding family status, age, relationships, etc. It is also a participant's responsibility to update previously provided information and statements. Failure to do so may result in coverage of participants being canceled, and such cancellation may be retroactive.

A determination by the Plan that a rescission is warranted will be considered an *adverse benefit determination* for purposes of review and appeal. A participant whose coverage is being rescinded will be provided a 30-day notice period as described under The Patient Protection and Affordable Care Act (PPACA) and regulatory guidance. Claims incurred after the retroactive date of termination shall not be further processed and/or paid under the Plan. Claims incurred after the retroactive date of termination that were paid under the Plan will be treated as erroneously paid claims under this Plan.

If a participant, or any other entity, submits or attempts to submit a claim for or on behalf of a person who is not a participant of the Plan; submits a claim for services or supplies not rendered; provides false or misleading information in connection with enrollment in the Plan; or provides any false or misleading information to the Plan as it relates to any element

of its administration; that shall be deemed to be fraud. If a participant is aware of any instance of fraud, and fails to bring that fraud to the *plan administrator's* attention, that shall also be deemed to be fraud. Fraud will result in immediate termination of all coverage under this Plan for the participant and their entire family unit of which the participant is a member.

I. Headings

The headings used in this Plan Document are used for convenience of reference only. Participants are advised not to rely on any provision because of the heading.

J. No Waiver or Estoppel

All parts, portions, provisions, conditions, and/or other items addressed by this Plan shall be deemed to be in full force and effect, and not waived, absent an explicit written instrument expressing otherwise, executed by the *plan administrator*. Absent such explicit waiver, there shall be no estoppel against the enforcement of any provision of this Plan. Failure by any applicable entity to enforce any part of the Plan shall not constitute a waiver, either as it specifically applies to a particular circumstance, or as it applies to the Plan's general administration. If an explicit written waiver is executed, that waiver shall only apply to the matter addressed therein, and shall be interpreted in the most narrow fashion possible.

K. Blue Shield Disclosure Statement

Blue Shield of California, an independent member of the Blue Shield Association, provides administrative claims payment services only and does not assume any financial risk or obligation with respect to claims.

L. Out of Area Programs

Benefits will be provided for covered services received outside of California within the United States, Puerto Rico, and U.S. Virgin Islands. The *claims processor* calculates the participant's copayment either as a percentage of the allowable amount or a dollar copayment, as defined in this Plan. When covered services are received in another state, the participant's copayment will be based on the local Blue Cross and/or Blue Shield plan's arrangement with its providers. See the BlueCard Program section in this Plan.

Blue Shield of California has a variety of relationships with other Blue Cross and/or Blue Shield Plans and their Licensed Controlled Affiliates ("Licensees") referred to generally as "Inter-Plan Programs." Whenever you obtain healthcare services outside of California, the claims for these services may be processed through one of these Inter-Plan Programs, which includes the BlueCard Program.

When you access covered services outside of California you may obtain care from healthcare providers that have a contractual agreement (i.e., are “participating providers”) with the local Blue Cross and/or Blue Shield Licensee in that other geographic area (“Host Plan”). In some instances, you may obtain care from non-participating healthcare providers. Hanford Joint Union High School District’s payment practices in both instances are described in this Plan.

If you do not see a participating provider through the BlueCard Program, you will have to pay for the entire bill for your medical care and submit a claim form to the local Blue Cross and/or Blue Shield plan or to the *plan administrator* for payment. The *plan administrator* will notify you of its determination within 30 days after receipt of the claim. The Plan will pay you at the non-preferred provider benefit level. Remember, your copayment is higher when you see a non-preferred provider. You will be responsible for paying the entire difference between the amount paid by the Plan and the amount billed.

Charges for services which are not covered, and charges by non-preferred providers in excess of the amount covered by the Plan, are the participant’s responsibility and are not included in copayment calculations.

To receive the maximum benefits of your Plan, please follow the procedure below.

When you require covered services while traveling outside of California:

1. call BlueCard Access[®] at 1-800-810-BLUE (2583) to locate *physicians* and *hospitals* that participate with the local Blue Cross and/or Blue Shield plan, or go on-line at www.bcbs.com and select the “Find a Doctor or Hospital” tab; and,
2. visit the participating *physician* or *hospital* and present your membership card.

The participating *physician* or *hospital* will verify your eligibility and coverage information by calling BlueCard Eligibility at 1-800-676-BLUE. Once verified and after services are provided, a claim is submitted electronically and the participating *physician* or *hospital* is paid directly. You may be asked to pay for your applicable copayment and plan deductible at the time you receive the service.

You will receive an Explanation of Benefits which will show your payment responsibility. You are responsible for the copayment and plan deductible amounts shown in the Explanation of Benefits.

Prior authorization is required for all *inpatient hospital* services and notification is required for *inpatient emergency* services. Prior authorization is required for selected *inpatient* and *outpatient* services, supplies, and *durable medical equipment*. To receive prior authorization from the Plan, the out-of-area provider should call the customer service number noted on the back of your identification card.

If you need *emergency* services, you should seek immediate care from the nearest medical facility. The benefits of this Plan will be provided for covered services received anywhere in the world for *emergency* care of an *illness* or *injury*.

Care for Covered Urgent Care and Emergency Services Outside the United States

Benefits will also be provided for covered urgent and emergent services received outside of the United States, Puerto Rico, and U.S. Virgin Islands. If you need urgent care while out of the country, call the BlueCard Worldwide Service Center at either the toll-free BlueCard Access number (1-800-810-2583) or collect (1-804-673-1177), 24 hours a day, seven days a week. In an *emergency*, go directly to the nearest *hospital*. If your coverage requires precertification or prior authorization, you should also call the Plan at the customer service number noted on the back of your identification card. For *inpatient hospital* care, contact the BlueCard Worldwide Service Center to arrange cashless access. If cashless access is arranged, you are responsible for the usual out-of-pocket expenses (non-covered charges, deductibles, and copayments). If cashless access is not arranged, you will have to pay the entire bill for your medical care and submit a claim to the BlueCard Worldwide Service Center.

When you receive services from a *physician*, you will have to pay the doctor and then submit a claim.

Before traveling abroad, call your local customer service office for the most current listing of providers world-wide or you can go on-line at www.bcbs.com and select "Find a Doctor or Hospital" and "BlueCard Worldwide."

BlueCard Program

Under the BlueCard® Program, when you obtain covered services within the geographic area served by a Host Plan, the Plan will remain responsible for any payment due, excluding the Participant's liability (e.g., copayment and plan deductible amounts). However the Host Blue is responsible for contracting with and generally handling all interactions with its participating healthcare providers.

The BlueCard Program enables you to obtain covered services outside of California, as defined, from a healthcare provider participating with a Host Plan, where available. The participating healthcare provider will automatically file a claim for the covered services provided to you, so there are no claim forms for you to fill out. You will be responsible for the member copayment and deductible amounts, if any, as stated in this Plan.

Whenever you access covered services outside of California and the claim is processed through the BlueCard Program, the amount you pay for covered services, if not a flat dollar copayment, is calculated based on the lower of:

1. The billed covered charges for your covered services; or
2. The negotiated price that the Host Plan makes available to Blue Shield of California.

Often, this “negotiated price” will be a simple discount that reflects an actual price that the Host Plan pays to your healthcare provider. Sometimes, it is an estimated price that takes into account special arrangements with your healthcare provider or provider group that may include types of settlements, incentive payments, and/or other credits or charges. Occasionally, it may be an average price, based on a discount that results in expected average savings for similar types of healthcare providers after taking into account the same types of transactions as with an estimated price.

Estimated pricing and average pricing, going forward, also take into account adjustments to correct for over- or underestimation of modifications of past pricing for the types of transaction modifications noted above. However, such adjustments will not affect the price the Plan uses for your claim because they will not be applied retroactively to claims already paid.

Laws in a small number of states may require the Host Plan to add a surcharge to your calculation. If any state laws mandate other liability calculation methods, including a surcharge, we would then calculate your liability for any covered services according to applicable law.

Claims for covered services are paid based on the allowable amount as defined in this Plan.

Special Cases: Value-Based Programs

BlueCard® Program

If you receive covered services under a Value-Based Program inside a Host Blue’s service area, you will not be responsible for paying any of the Provider Incentives, risk-sharing, and/or Care Coordinator Fees that are a part of such an arrangement, except when a Host Blue passes these fees to Blue Shield through average pricing or fee schedule adjustments.

Negotiated (non–BlueCard Program) Arrangements

If Blue Shield has entered into a Negotiated Arrangement with a Host Blue to provide Value-Based Programs to employer on your behalf, Blue Shield will follow the same procedures for Value-Based Programs administration and Care Coordinator Fees as noted above for the BlueCard Program.

Definitions

Care Coordination: Organized, information-driven patient care activities intended to facilitate the appropriate responses to a participant's healthcare needs across the continuum of care.

Care Coordinator: An individual within a provider organization who facilitates Care Coordination for patients.

Care Coordinator Fee: A fixed amount paid by a Blue Cross and/or Blue Shield Licensee to providers periodically for Care Coordination under a Value-Based Program.

ARTICLE IX -- CLAIM SUBMISSION PROCESS

A. What Is a Claim for Benefits

Pre-Service Claims:

Pre-service claims are claims for which advance approval is required. Pre-service claims may be submitted by telephone or in writing.

Refer to your medical ID card for contact information.

Post-Service Claims:

A post-service claim is defined as any request for Plan benefits that complies with the Plan's procedure for making a claim for benefits. A participating *health care provider* will submit a claim directly to the Plan on your behalf. If you desire Plan benefits, you must submit a claim when services are rendered by a *health care provider* that does not participate in the network.

A claim for benefits includes:

1. Employee information: name, address, plan name, group number.
2. Patient information: patient name, address, birth date.
3. Treatment information: date(s) of service, procedure code, description of each supply or service, diagnosis code, charge for each supply or service.
4. *Health care provider* information: name, address, telephone number, federal tax identification number.

Send the complete claim for benefits to the address indicated on your ID card.

The *plan administrator* will determine if enough information has been submitted to enable proper consideration of the claim for benefits. If not, more information may be requested from the claimant.

The *plan administrator* reserves the right to have a Plan participant seek a second medical opinion.

B. When a Claim for Benefits Should Be Filed

Pre-Service Claim:

When precertification of a claim is required, you should follow the procedures outlined in the Health Care Management Program article of this Plan.

If you desire a predetermination of Plan benefits, you should notify the *claims processor* at least 15 calendar days prior to receiving services.

Post-Service Claims:

A claim for benefits must be filed within 12 months of the date of service. A claim for benefits filed after that date may be declined or reduced unless:

1. It is not reasonably possible to submit the claim within 12 months of the date of service;
or
2. The claimant is not legally capable of submitting the claim within 12 months of the date of service.

C. Claim for Benefits Procedure

There are different kinds of claim for benefits and each one has a specific timetable for approval, payment, request for further information, or denial. The period of time begins on the date the claim is filed. The following is a summary of the maximum response times allowed for each type of claim.

Pre-Service Urgent Care Claims

Notice to claimant of:

Insufficient information on the claim for benefits	24 hours
Extension for claimant to provide required information	48 hours
Benefit determination	72 hours

Pre-Service Non-Urgent Care Claims

Notice to claimant of:

Insufficient information on the claim for benefits	5 calendar days
Extension for claimant to provide required information	45 calendar days
Benefit determination	15 calendar days

Post-Service Claims

Notice to claimant of:

Benefit determination (all required information received)	30 calendar days
Extension for claimant to provide required information	45 calendar days
Benefit determination (requested information provided)	15 calendar days

D. Notice to Claimant of Adverse Benefit Determination

The *plan administrator* shall provide written or electronic notice of any *adverse benefit determination*. The notice will state the following:

1. The specific reason(s) for the adverse determination.
2. Reference to the specific Plan provisions on which the determination was based.
3. A description of any additional information necessary for the claimant to perfect the claim for benefits, and an explanation of why such material or information is necessary.
4. A description of the Plan's appeal procedures.
5. A statement that upon request, the claimant is entitled to receive, free of charge, reasonable access to, and copies of, all documents, records, and other information relevant to the claim.
6. A statement that other voluntary dispute resolution options are available, such as mediation.

If the *adverse benefit determination* was based on an internal guideline, protocol, or other similar criterion, the specific guideline, protocol, or criterion will be provided. If this is not practical, a statement will be included that such a guideline, protocol, or criterion was relied upon in making the *adverse benefit determination*, and a copy will be provided free of charge to the claimant upon request.

If the *adverse benefit determination* is based on the medical necessity, *experimental*, or *investigational* exclusions of the Plan, an explanation of the clinical judgment for the determination will be provided. If this is not practical, a statement will be included that such explanation will be provided free of charge, upon request.

E. First Level Internal Appeal

You or your authorized representative may appeal an *adverse benefit determination*. Upon request, the *claims processor* will complete a full and fair review. When a claimant receives an *adverse benefit determination* for a claim, the claimant has 180 days following receipt of the notification to appeal the decision. Otherwise, the initial *adverse benefit determination* shall be the final decision of the Plan.

When a claimant receives an *adverse benefit determination* for a pre-service claim, a grievance can be filed with the *claims processor* orally or in writing. A grievance for a post-service claim must be submitted in writing.

This Plan provides for two levels of internal appeals. If the *adverse benefit determination* is partially or fully upheld, a claimant may appeal the initial appeal decision. If the benefit determination is partially or fully upheld upon second appeal, a claimant may appeal under the external review provisions of this Plan. The following is a summary of the maximum response times allowed for each type of claim appeal.

Pre-Service Urgent Care Claims

Initial internal appeal	24 hours for phone response (written response within 3 business days of phone response)
Second internal appeal	24 hours for phone response (written response within 3 business days of phone response)

Pre-Service Non-Urgent Care Claims

Initial internal appeal	15 calendar days
Second internal appeal	15 calendar days

Post-Service Claims

Initial internal appeal	30 calendar days
Second internal appeal	30 calendar days

The period of time within which the Plan must make a benefit determination for an appeal begins at the time an appeal is filed in accordance with the procedures of the Plan. During voluntary dispute resolution, any statute of limitations or other defense based on timeliness is tolled during the time any appeal is pending.

For any appeal, a claimant may submit written comments, documents, records, and other information related to the claim for benefits. If the claimant requests, he or she will be provided, free of charge, reasonable access to, and copies of, all documents, records, and other information relevant to the claim for benefits.

A document, record, or other information shall be considered relevant to a claim for benefits if it:

1. Was relied upon in making the benefit determination;
2. Was submitted, considered, or generated in the course of making the benefit determination;
3. Demonstrated compliance with the administrative processes and safeguards designed to ensure that benefit determinations are made in accordance with Plan documents, and that Plan provisions have been applied consistently with respect to all claimants; or
4. Constituted a statement of policy or guidance with respect to the Plan concerning the denied treatment option or benefit.

Any review shall take into account all information submitted by the claimant relating to the claim, without regard to whether such information was submitted or considered in the initial benefit determination. The review will not afford deference to the initial *adverse benefit determination*, and will be conducted by a Plan representative who is neither the individual who made the adverse determination nor a subordinate of that individual. The *claims processor* may hold a hearing of all parties involved, if the *claims processor* deems such hearing to be necessary.

If the determination was based on a medical judgment, including determinations with regard to whether a particular service or supply is *experimental, investigational*, or not *medically necessary* or appropriate, the representative of the Plan will consult with a health care professional who was not involved in the original benefit determination. This health care professional will have appropriate training and experience in the applicable field of medicine. Additionally, the Plan will identify medical or vocational experts whose advice was obtained on behalf of the Plan in connection with the initial determination.

A written explanation of a claim appeal determination will include the following information:

1. The specific reason or reasons for the decision, including a response to any information and comments submitted by you or your duly authorized representative;

2. Reference to Plan provisions and records on which the decision is based; and
3. A statement that you and your duly authorized representative are entitled to receive, upon request and free of charge, access to and copies of all documents, records and other information relevant to the benefit claim.

No action at law or in equity can be brought to recover under this Plan after the expiration of three years after the claim has been filed with the *plan administrator*.

F. Second Level External Review

You may file a request for an external review by an independent review organization (IRO) no later than four months following the date you receive a notice of an *adverse benefit determination* or final internal *adverse benefit determination*.

Within five business days following receipt of your external review request, the *claims processor* must complete a preliminary review of your request. If the appeal is granted, the *claims processor* must assign an IRO to conduct the external review and will submit all information to the IRO.

Within one business day following the preliminary review, the *claims processor* must issue a written notification to you indicating the status of your request. If additional information is required, the written notification will include a description of the material or information necessary for you to perfect your external review request within the four-month filing period.

Upon receipt of the material or information requested, the *claims processor* will review the information and forward it to the IRO within one business day. If, upon receipt of this information, the *claims processor* reverses the internal *adverse benefit determination*, the *claims processor* must send written notification to the IRO and to you within one business day after making such a decision. The assigned IRO must terminate the external review upon receipt of the notice from the *claims processor*.

For any other appeal not reversed by the *claims processor*, the IRO must provide written notice of the final external review decision within 45 days after receipt of the request for external review. The IRO must deliver this final notice to you and the *claims processor*. The decision of the IRO shall be the final decision of the Plan.

The IRO will conduct their review and will not be bound by any decisions or conclusions previously reached by the *claims processor*.

G. Second Level Expedited External Review

The external review process will be expedited if:

1. You have a medical condition where the timeframe for completion of a standard external review would seriously jeopardize your life or health or would jeopardize your ability to regain maximum function; or
2. The internal *adverse benefit determination* concerns an admission, availability of care, continued stay, or health care item or service which you received on an emergency basis, but have not yet been discharged from a facility.

Upon receipt of your request for expedited external review, the *claims processor* must immediately verify eligibility for external review, issue a notification in writing to you, and assign an IRO. The IRO is required to provide notice of the final external review decision as expeditiously as your medical condition or circumstances require, but no more than 72 hours after the IRO receives the request for an expedited external review. If the notice is not in writing, the assigned IRO must provide written confirmation of the decision within 48 hours after the date of providing that notice to you and the *claims processor*.

Failure to provide such notice(s) will result in a loss of *COBRA* entitlement hereunder.

D. Length of Continuation Coverage

1. A qualified beneficiary who loses coverage due to the reduction in hours or termination of employment (other than for gross misconduct) of a covered *employee* may continue coverage under the Plan for up to eighteen (18) months from the date of the qualifying event.
2. A qualified beneficiary who loses coverage due to the covered *employee's* death, divorce, or legal separation, or dependent children who have become ineligible for coverage may continue coverage under the Plan for up to thirty-six (36) months from the date of the qualifying event.

E. Total Disability

1. A qualified beneficiary who is determined under Title II or XVI of the Social Security Act (hereinafter the "Act") to have been totally disabled within sixty (60) days of a qualifying event (if the qualifying event is termination of employment or reduction in hours) may continue coverage (including coverage for dependents who were covered under the continuation coverage). Coverage may continue for a total of twenty-nine (29) months as long as the qualified beneficiary notifies the *employer* that he was disabled as of the date of the qualifying event:

Benefits will be coordinated with any federal program, automobile coverage or group health plan in accordance with the provisions described in the Article entitled - Coordination of Benefits.

G. Termination of Continuation Coverage

Continuation coverage will automatically end earlier than the applicable 18-, 29-, or 36-month period for a qualified beneficiary if:

1. The required monthly contribution for coverage is not received by the *company* within thirty (30) days following the date it is due;
2. The qualified beneficiary becomes covered under any other group health plan as an employee or otherwise.
3. For totally disabled qualified beneficiaries continuing coverage for up to twenty-nine (29) months, the last day of the month coincident with or following thirty (30) days from the date of a final determination by the Social Security Administration that such beneficiary is no longer totally disabled;
4. The qualified beneficiary becomes entitled to *Medicare* benefits; or

J. Carryover of Deductibles and Plan Maximums

If continuation coverage under the group health plan is elected by a qualified beneficiary under *COBRA*, expenses already credited to the Plan's applicable deductible and co-pay features for the year will be carried forward into the continuation coverage elected for that year.

Similarly, If continuation coverage under the Plan is elected by a qualified beneficiary under *COBRA*, expenses already credited to the Plan's applicable maximum for the year will be carried forward into the continuation coverage elected for that year.

K. Payment of Premium

1. The Group Health Plan will determine the amount of premium to be charged for Continuation Coverage for any period, which will be a reasonable estimate of the cost of providing coverage for such period for similarly situated individuals, determined on an actuarial basis and considering such factors as the Secretary of Labor may prescribe.

- a. The Group Health Plan may require a Qualified Beneficiary to pay a contribution for coverage that does not exceed 102 percent of the applicable premium for that period.

The American Recovery Reinvestment Act of 2009 (ARRA) temporarily provides federally subsidized *COBRA* premium assistance in the amount of 65%. This provision applies to those who were involuntarily terminated during the period as defined by ARRA.

- b. For Qualified Beneficiaries whose coverage is continued pursuant to the section entitled "Total Disability" of this provision, the Group Health Plan may require the Qualified Beneficiary to pay a contribution for coverage that does not exceed 150 percent of the applicable premium for Continuation Coverage months 19-29.
 - c. Contributions for coverage may, at the election of the Qualified Beneficiary, be paid in monthly installments.
2. If Continuation Coverage is elected, the monthly contribution for coverage for those months up to and including the month in which election is made must be made within forty-five (45) days of the date of election.

3. Without further notice from the Company, the Qualified Beneficiary must pay each following monthly contribution for coverage by the first day of the month for which coverage is to be effective. If payment is not received by the Company within thirty (30) days of the payment's due date, Continuation Coverage will terminate in accordance with the section entitled "Termination of Continuation Coverage", Subsection A. This 30-day grace period does not apply to the first contribution required under Subsection B.
4. No claim will be payable under this provision for any period for which the contribution for coverage is not received from or on behalf of the Qualified Beneficiary.

Further, to be considered *medically necessary*, services must be no more costly than alternative interventions, and are at least as likely to produce equivalent therapeutic or diagnostic results for the diagnosis or treatment of the patient's *illness* or *injury* without adversely affecting the patient's medical condition.

A *medically necessary* service must meet all of the following criteria:

- It must not be a listed item or treatment not allowed for reimbursement by CMS (Medicare).

The Plan reserves the right to incorporate CMS (Medicare) guidelines in effect on the date of treatment as additional criteria for determination of *medical necessity*.

II.
TERM, TERMINATION, AND RENEWAL

2.01. (a) This Plan is effective on the Effective Date and shall remain in effect for the Plan Term.

(b) If VSP issues written renewal notice to the Group at least sixty (60) days before the end of the Plan Term, this Plan shall be automatically renewed for an additional period of time and at premium rate(s) specified in such notice. Such renewal shall take effect, without any lapse in coverage, on the first calendar day following the last day of the Plan Term described herein. If Group decides to refuse renewal, VSP requests that it receive Group's written refusal at least thirty (30) days prior to the renewal Effective Date.

2.02. **Early Termination Provision:** The Premium rate payable by Group to VSP under this Plan is based on an assumption that VSP will receive these amounts over the full Plan Term in order to cover costs associated with greater vision utilization that tends to occur during the first portion of a Plan Term. If Group terminates this Plan before the end of the Plan Term or before the end of any subsequent renewal terms, for any reason other than material breach by VSP, Group will remain liable to VSP for the lesser amount of any deficit incurred by VSP or the payments which Group would have paid for the remaining term of this Plan, not to exceed one year. A deficit incurred by VSP will be calculated by subtracting the cost of incurred and outstanding claims, as calculated on an incurred date basis with a claim run-out not to exceed six months from the date of termination, from the net premiums received by VSP from Group. Net premiums shall mean premiums paid by Group minus any applicable retention amounts and/or broker commissions. Group agrees to pay VSP within thirty-one (31) days of notification of the amount due.

III.
OBLIGATIONS OF VSP

3.01. **Coverage of Covered Persons**: VSP will enroll for coverage each eligible Enrollee and his/her Eligible Dependents, if dependent coverage is provided, all of who shall be referred to upon enrollment as "Covered Persons." To institute coverage, VSP may require Group to complete, sign and forward to VSP a Group Application along with information regarding Enrollees and Eligible Dependents, and all applicable premiums. (Refer to VI. ELIGIBILITY FOR COVERAGE for further details.)

Following the enrollment of the Covered Persons, VSP will provide Group with Member Benefit Summaries for distribution to Covered Persons. Such Member Benefit Summaries will summarize the terms and conditions set forth in this Plan.

3.02. **Provision of Plan Benefits**: Through its Member Doctors (or through other licensed vision care providers where a Covered Person is eligible for, and chooses to receive Plan Benefits from a Non-Member Provider) VSP shall provide Covered Persons such Plan Benefits listed in the Schedule of Benefits, Exhibit A hereto, subject to any limitations, exclusions, or Copayments therein stated. Benefit Authorization must be obtained prior to a Covered Person obtaining Plan Benefits from a Member Doctor. When a Covered Person seeks Plan Benefits from a Member Doctor, the Covered Person must schedule an appointment and identify himself as a VSP Covered Person so the Member Doctor can obtain Benefit Authorization from VSP. VSP shall provide Benefit Authorization to the Member Doctor to authorize the provision of Plan Benefits to the Covered Person. Each Benefit Authorization will contain an expiration date, stating a specific time period for the Covered Person to obtain Plan Benefits. VSP shall issue Benefit Authorizations in accordance with the latest eligibility information furnished by Group and the Covered Person's past service utilization, if any. Any Benefit Authorization so issued by VSP shall constitute a certification to the Member Doctor that payment will be made, irrespective of a later loss of eligibility of the Covered Person, provided Plan Benefits are received prior to the Benefit Authorization expiration date.

VSP shall pay or deny claims for Plan Benefits provided to Covered Persons, less any applicable Copayment, within a reasonable time but not more than thirty (30) calendar days after VSP has received a completed claim, unless special circumstances require additional time. In such cases, VSP may obtain an extension of fifteen (15) calendar days of this time limit by providing notice to the claimant of the reasons for the extension.

3.03. **Provision of Information to Covered Persons:** Upon request, VSP shall make available to Covered Persons necessary information describing Plan Benefits and how to use them. A copy of this Plan shall be placed with Group and also will be made available at the offices of VSP for any Covered Persons. VSP shall provide Group with an updated list of Member Doctors' names, addresses, and telephone numbers for distribution to Covered Persons twice a year. Covered Persons may also obtain a copy of the Member Doctor directory through contacting VSP's Customer Service Department's toll-free Customer Service telephone line, VSP's Web site at www.vsp.com, or by written request.

3.04. **Preservation of Confidentiality:** VSP shall hold in strict confidence all Confidential Matters and exercise its best efforts to prevent any of its employees, Member Doctors, or agents, from disclosing any Confidential Matter, except to the extent that such disclosure is necessary to enable any of the above to perform their obligations under this Plan, including but not limited to sharing information with medical information bureaus, or complying with applicable law. Covered Persons and/or Groups that want more information on VSP's Confidentiality policy may obtain a copy of the policy by contacting VSP's Customer Service Department or VSP's Web site at www.vsp.com.

3.05. **Emergency Vision Care:** When vision care is necessary for Emergency Conditions, Covered Persons may obtain Plan Benefits by contacting a Member Doctor or Non-Member Provider. No prior approval from VSP is required for Covered Person to obtain vision care for Emergency Conditions of a medical nature. However, services for medical conditions, including emergencies, are covered by VSP only under the Acute EyeCare and Supplemental Primary EyeCare Plans. If Group has not purchased one of these plans, Covered Persons are not covered by VSP for medical services and should contact a physician under Covered Persons' medical insurance plan for care. For emergency conditions of a non-medical nature, such as lost, broken or stolen glasses, the Covered Person should contact VSP's Customer Service Department for assistance. Reimbursement and eligibility are subject to the terms of this Plan.

IV.
OBLIGATIONS OF THE GROUP

4.01. **Identification of Eligible Enrollees**: An Enrollee is eligible for coverage under this Plan if he/she satisfies the enrollment criteria specified in Paragraph 6.01(a) and/or as mutually agreed to by VSP and Group. By the Effective Date of this Plan, Group shall provide VSP with eligibility information, in a mutually agreed upon format and medium, to identify all Enrollees who are eligible for coverage under this Plan as of that date. Thereafter, Group shall supply to VSP by the last day of each month, eligibility information sufficient to identify all Enrollees to be added to or deleted from VSP's coverage rosters for the next month. The eligibility information shall include designation of each Enrollee's family status if dependent coverage is provided. Upon VSP's request, Group shall make available for inspection records regarding the coverage of Covered Persons under this Plan.

4.02. **Payment of Premiums**: By the last day of each month, Group shall remit to VSP the premiums payable for the next month on behalf of each Enrollee and Eligible Dependents, if any, to be covered under this Plan. The Schedule of Premiums incorporated in this Plan as Exhibit B provides the premium amount for each Covered Person. Only Covered Persons for whom premiums are actually received by VSP shall be entitled to Plan Benefits under this Plan and only for the period for which such payment is received, subject to the grace period provision below. If payment for any Covered Person is not received on time, VSP may terminate all rights of such Covered Person. Such rights may be reinstated only in accordance with the requirements of this Plan.

VSP may change the premiums set forth in Exhibit B (Schedule of Premiums) by giving Group at least sixty (60) days advance written notice. No change will be made during the Plan Term unless there is a change in the Schedule of Benefits or there is a material change in Plan terms or conditions, provided any such change is mutually agreed upon in writing by VSP and Group.

Notwithstanding the above, VSP may increase premiums during a Plan Term by the amount of any tax or assessment not now in effect but subsequently levied by any taxing authority, which is attributable to premiums VSP received from Group.

4.03. **Grace Period:** Group shall be allowed a grace period of thirty-one (31) days following the premium payment due date to pay premiums due under this Plan. During said grace period, this Plan shall remain in full force and effect for all Covered Persons of Group. VSP will consider late payments at the time of Plan renewal. Such payment may impact Group's premium rates in future Plan Terms.

If Group fails to make any premiums payment due by the end of any grace period, VSP may notify Group that the premiums payment has not been made, that coverage is canceled and that Group is responsible for payment for all Plan Benefits provided to Covered Persons after the last period for which premiums were paid in full, including the grace period through the effective date of termination. Group shall also be responsible for any legal and/or collection fees incurred by VSP to collect amounts due under this Plan.

4.04. **Distribution of Required Documents:** Group shall distribute to Enrollees any disclosure forms, plan summaries or other material required to be given to plan subscribers by any regulatory authority. Such materials shall be distributed by Group no later than thirty (30) days after the receipt thereof, or as required under state law.

V.
OBLIGATIONS OF COVERED PERSONS UNDER THE PLAN

5.01. **General**: By this Plan, Group makes coverage available to its Enrollees and their Eligible Dependents, if dependent coverage is provided. However, this Plan may be amended or terminated by agreement between VSP and Group as indicated herein, without the consent or concurrence of Covered Persons. This Plan, and all Exhibits, Riders and attachments hereto, constitute VSP's sole and entire undertaking to Covered Persons under this Plan.

As conditions of coverage, all Covered Persons under this Plan have the following obligations:

5.02. **Copayment for Services Received**: Where, as indicated in Exhibit A (Schedule of Benefits), Copayments are required for certain Plan Benefits, Copayments shall be the personal responsibility of the Covered Person receiving the care and must be paid to the Member Doctor the date services are rendered.

5.03. **Obtaining Services from Member Doctors**: Benefit Authorization must be obtained prior to receiving Plan Benefits from a Member Doctor. When a Covered Person seeks Plan Benefits, the Covered Person must select a Member Doctor, schedule an appointment, and identify himself as a Covered Person so the Member Doctor can obtain Benefit Authorization from VSP. Should the Covered Person receive Plan Benefits from a Member Doctor without such Benefit Authorization, then for the purposes of those Plan Benefits provided to the Covered Person, the Member Doctor will be considered a Non-Member Provider and the benefits available will be limited to those for a Non-Member Provider, if any.

5.04. **Submission of Non-Member Provider Claims**: If Non-Member Provider coverage is indicated in Exhibit A (Schedule of Benefits), written proof (receipt and the Covered Person's identification information) of all claims for services received from Non-Member Providers shall be submitted by Covered Persons to VSP within three hundred sixty-five (365) days of the date of service. VSP may reject such claims filed more than three hundred sixty-five (365) days after the date of service.

Failure to submit a claim within this time period, however, shall not invalidate or reduce the claim if it was not reasonably possible to submit the claim within such time period, provided the claim was submitted as soon as reasonably possible and in no event, except in absence of legal capacity, later than one year from the required date of three hundred sixty-five (365) days after the date of service.

5.05. **Complaints and Grievances**: Covered Persons shall report any complaints and/or grievances to VSP at the address given herein. Complaints and grievances are disagreements regarding access to care, quality of care, treatment or service. Complaints and grievances may be submitted to VSP verbally or in writing. A Covered Person may submit written comments or supporting documentation concerning his complaint or grievance to assist in VSP's review. VSP will resolve the complaint or grievance within thirty (30) days after receipt.

5.06. **Claim Denial Appeals**: If, under the terms of this Plan, a claim is denied in whole or in part, a request may be submitted to VSP by Covered Person or Covered Person's authorized representative for a full review of the denial. Covered Person may designate any person, including his/her provider, as his/her authorized representative. References in this section to "Covered Person" include Covered Person's authorized representative, where applicable.

a) Initial Appeal: The request must be made within one hundred eighty (180) days following denial of a claim and should contain sufficient information to identify the Covered Person for whom the claim was denied, including the VSP Enrollee's name, the VSP Enrollee's Member Identification Number, the Covered Person's name and date of birth, the provider of services and the claim number. The Covered Person may review, during normal working hours, any documents held by VSP pertinent to the denial. The Covered Person may also submit written comments or supporting documentation concerning the claim to assist in VSP's review. VSP's determination, including specific reasons for the decision, shall be provided and communicated to the Covered Person within thirty (30) calendar days after receipt of a request for appeal from the Covered Person or Covered Person's authorized representative.

b) Second Level Appeal: If the Covered Person disagrees with the response to the initial appeal of the claim, the Covered Person has a right to a second level appeal. Within sixty (60) calendar days after receipt of VSP's response to the initial appeal, the Covered Person may submit a second appeal to VSP along with any pertinent documentation. VSP shall communicate its final determination to the Covered Person in compliance with all applicable state and federal laws and regulations and shall include the specific reasons for the determination.

c) Other Remedies: When Covered Person has completed the appeals process stated herein, additional voluntary alternative dispute resolution options may be available, including mediation, or Group should advise Covered Person to contact the U.S. Department of Labor or the state insurance regulatory agency for details. Additionally, under the provisions of ERISA (Section 502(a)(1)(B)) [29 U.S.C. 1132(a)(1)(B)], Covered Person has the right to bring a civil action when all available levels of review of denied claims, including the appeals process, have been completed, the claims were not approved in whole or in part, and Covered Person disagrees with the outcome.

5.07. **Time of Action**: No action in law or in equity shall be brought to recover on the Plan prior to the Covered Person exhausting his/her grievance rights under this Plan and/or prior to the expiration of sixty (60) days after the claim and any applicable invoices have been filed with VSP. No such action shall be brought after the expiration of six (6) years from the last date that the claim and any applicable invoices were submitted to VSP, in accordance with the terms of this Plan.

5.08. **Insurance Fraud**: Any Group and/or person who intends to defraud, knowingly facilitates a fraud or submits an application or files a claim with a false or deceptive statement, is guilty of insurance fraud. Such an act is grounds for immediate termination of the Plan for the Group or individual that committed the fraud.

VI.
ELIGIBILITY FOR COVERAGE

6.01. **Eligibility Criteria:** Individuals will be accepted for coverage hereunder only upon meeting all the applicable requirements set forth below.

(a) **Enrollees:** To be eligible for coverage, a person must:

(1) currently be an employee or member of the Group, and

(2) meet the criteria established in the coverage criteria mutually agreed upon by Group and VSP.

(b) **Eligible Dependents:** If dependent coverage is provided, the persons eligible for dependent coverage are:

(1) the legal spouse of any Enrollee, and

(2) any child of an Enrollee, including any natural child from the moment of birth, legally adopted child from the moment of placement for adoption with the Enrollee, or other child for whom a court holds the Enrollee responsible; Such dependents shall be eligible until the end of the month in which they attain the age of 26 years.

(3) as further defined by Group.

If a dependent, unmarried child prior to attainment of the prescribed age for termination of eligibility becomes, and continues to be, incapable of self-sustaining employment because of mental or physical disability, that Eligible Dependent's coverage shall not terminate so long as he remains chiefly dependent on the Enrollee for support and the Enrollee's coverage remains in force; PROVIDED that satisfactory proof of the dependent's incapacity can be furnished to VSP within thirty-one (31) days of the date the Eligible Dependent's coverage would have otherwise terminated or at such other times as VSP may request proof, but not more frequently than annually.

6.02. **Documentation of Eligibility:** Persons satisfying the coverage requirements under either of the above criteria shall be eligible if:

(a) for an Enrollee, the individual's name and Social Security Number have been reported by Group to VSP in the manner provided hereunder, and

(b) for changes to an Eligible Dependent's status, the change has been reported by the Group to VSP in the manner provided herein. As stated in Paragraph 4.01 above, VSP may elect to audit Group's records in order to verify eligibility of Enrollees and dependents and any errors. Subject to the terms of Paragraph 4.03 above, only persons on whose behalf premiums have been paid for the current period shall be entitled to Plan Benefits hereunder. If a clerical error is made, it will not affect the coverage a Covered Person is entitled under the Plan.

6.03. **Retroactive Eligibility Changes:** Retroactive eligibility changes are limited to sixty (60) days prior to the date notice of any such requested change is received by VSP. VSP may refuse retroactive termination of a Covered Person if Plan Benefits have been obtained by, or authorized for, the Covered Person after the effective date of the requested termination.

6.04. **Change of Participation Requirements, Contribution of Fees, and Eligibility Rules:** Composition of the Group, percentage of Enrollees covered under the Plan, and Group's contribution and eligibility requirements, are all material to VSP's obligations under this Plan. During the term of this Plan, Group must provide VSP with written notice of changes to its composition, percentage of Enrollees covered, contribution and eligibility requirements. Any change which materially affects VSP's obligations under this Plan must be agreed upon in writing between VSP and Group and may constitute a material change to the terms and conditions of this Plan for purposes of Paragraph 4.02. Nothing in this section shall limit Group's ability to add Enrollees or Eligible Dependents under the terms of this Plan.

6.05. **Change in Family Status:** In the event Group is notified of any change in a Covered Person's family status [by marriage, the addition (e.g., newborn or adopted child) or deletion of Dependent, etc.] Group shall provide notice of such change to VSP via the next eligibility listing required under Paragraph 4.01. If notice is given, the change in the Covered Person's status will be effective on the first day of the month following the change request, or at such later date as may be requested by or on behalf of the Covered Person. Notwithstanding any other provision in this section, a newborn child will be covered during the thirty-one (31) day period after birth, and an adopted child will be covered for the thirty-one (31) day period after the date the Enrollee or Enrollee's spouse acquires the right to control that child's health care. To continue coverage for a newborn or adopted child beyond the initial thirty-one (31) day period, the Group must be properly notified of the Enrollee's change in family status and applicable premiums must be paid to VSP.

VII.
CONTINUATION OF COVERAGE

7.01. **COBRA**: The Consolidated Omnibus Budget Reconciliation Act of 1985 (COBRA) requires that, under certain circumstances, health plan benefits available to an Enrollee and his or her Eligible Dependents be made available for purchase by said persons upon the occurrence of a COBRA-qualifying event. If, and only to the extent, COBRA applies, VSP shall make the statutorily-required continuation coverage available for purchase in accordance with COBRA.

VIII.
ARBITRATION OF DISPUTES

8.01. **Dispute Resolution:** Any dispute or question arising between VSP and Group or any Covered Person involving the application, interpretation, or performance under this Plan shall be settled, if possible, by amicable and informal negotiations. This will allow such opportunity as may be appropriate under the circumstances for fact-finding and mediation. If any issue cannot be resolved in this fashion, it shall be submitted to arbitration.

8.02. **Procedure:** The procedure for arbitration hereunder shall be conducted pursuant to the Rules of the American Arbitration Association.

8.03. **Choice of Law:** If any matter arises in connection with this Plan which becomes the subject of arbitration or legal process, the law of the State of Delivery of the Plan shall be the applicable law.

IX.
NOTICES

9.01. **Required Notices:** Any notices required under this Plan to either Group or VSP shall be in written format. Notices sent to Group will be sent to the address or email address shown on the Group's Application unless otherwise directed by the Group. Notices sent to VSP shall be sent to the address shown on the first page of this Plan. Notwithstanding the above, any notices may be hand-delivered by either party to an appropriate representative of the other party. The party effecting hand-delivery bears the burden to prove delivery was made, if questioned.

X.
MISCELLANEOUS

10.01. **Entire Plan:** This Plan, the Group Application, the Evidence of Coverage, and all Exhibits, Riders and attachments hereto, and any amendments hereto, constitute the entire agreement of the parties and supersedes any prior understandings and agreements between them, either written or oral. Any change or amendment to the Plan must be approved by an officer of VSP and attached hereto to be valid. No agent has the authority to change this Plan or waive any of its provisions. Communication materials prepared by Group for distribution to Enrollees do not constitute a part of this Plan.

10.02. **Indemnity:** VSP agrees to indemnify, defend and hold harmless Group, its shareholders, directors, officers, agents, employees, successors and assigns from and against any and all liability, claim, loss, injury, cause of action and expense (including defense costs and legal fees) of any nature whatsoever arising from the failure of VSP, its officers, agents or employees, to perform any of the activities, duties or responsibilities specified herein. Group agrees to indemnify, defend and hold harmless VSP, its members, shareholders, directors, officers, agents, employees, successors and assigns from and against any and all liability, claim, loss, injury, cause of action and expense (including defense costs and legal fees) of any nature whatsoever arising or resulting from the failure of Group, its officers or employees to perform any of the duties or responsibilities specified herein.

10.03. **Liability:** VSP arranges for the provision of vision care services and materials through agreements with Member Doctors. Member Doctors are independent contractors and responsible for exercising independent judgment. VSP does not itself directly furnish vision care services or supply materials. Under no circumstances shall VSP or Group be liable for the negligence, wrongful acts or omissions of any doctor, laboratory, or any other person or organization performing services or supplying materials in connection with this Plan.

10.04. **Assignment:** Neither this Plan nor any of the rights or obligations of either of the parties hereto may be assigned or transferred without the prior written consent of both parties hereto except as expressly authorized herein.

10.05. **Severability:** Should any provision of this Plan be declared invalid, the remaining provisions shall remain in full force and effect.

10.06. **Governing Law:** This Plan shall be governed by and construed in accordance with applicable federal and state law. Any provision that is in conflict with, or not in compliance with, applicable federal or state statutes or regulations is hereby amended to conform with the requirements of such statutes or regulations, now or hereafter existing.

10.07. **Gender**: All pronouns used herein are deemed to refer to the masculine, feminine, neuter, singular, or plural, as the identity(ies) of the person(s) may require.

If you have a grievance against your health plan, you should first telephone your health plan at **(800) 877-7195** and use your health plan's grievance process before contacting the Department. Utilizing this grievance procedure does not prohibit any potential legal rights or remedies that may be available to you. If you need help with a grievance involving an emergency, a grievance that has not been satisfactorily resolved by your health plan, or a grievance that has remained unresolved for more than 30 days, you may call the Department for assistance.

The Department also has a toll-free telephone number (1-888-HMO-2219), a TDD line (1-877-688-9891) for the hearing impaired and its Internet Web site (<http://www.hmohelp.ca.gov>) has complaint forms online. The plan's grievance process and the Department's complaint review process are in addition to any other dispute resolution procedures that may be available to Covered Persons, and the failure to use these procedures does not preclude Covered Person's use of any other remedy provided by law.

10.10. **Communication Materials**: Communication materials created by Group which relate to this vision care Plan must adhere to VSP's Member Communication Guidelines distributed to Group by VSP. Such communication materials may be sent to VSP for review and approval prior to use. VSP's review of such materials shall be limited to approving the accuracy of Plan Benefits and shall not encompass or constitute certification that Group's materials meet any applicable legal or regulatory requirements, including but not limited to, ERISA requirements.

This information shall be sent to the qualified beneficiary’s last known address, as provided by the plan currently providing continuation coverage to the qualified beneficiary.
